

SECTION 1: IDENTIFICATION

GHS product identifier	Keratin Complex® KeraBrilliance® Keratin-enhanced demi-permanent hair color	
Other means of identification	None	
Recommended use of the product and restrictions on use	Hair Care/Treatment: FOR USE BY CERTIFIED PROFESSIONALS ONLY	
Supplier's details	Developed for and Distributed by: KERATIN COMPLEX Boca Raton, Florida (U.S.A.), Tel: (561) 206-6050 www.keratincomplex.com	EU PIF: Keratin Holdings Europe SRL: Via Amedei, 4 - 20123 Milano (MI)
Emergency phone number:	For Hazardous Materials [or Dangerous Goods] Incident Spill, Leak, Fire, Exposure, or Accident call CHEMTREC Day or Night Within USA and Canada: 1-800-424-9300 Outside USA and Canada: +1 703-527-3887	

SECTION 2: HAZARD(S) IDENTIFICATION

Classification	Acute Toxicity – Oral Category 4	
	Skin corrosion/irritation Category 1	
	Serious Eye Damage / Eye Irritation Category 1	
GHS label elements, including Precautionary Statements	 Warning	HEALTH STATEMENT
		Warning Harmful if swallowed
		Danger Causes severe skin burns and eye damage
	 Danger	Warning May cause an allergic skin reaction
		PRECAUTIONARY STATEMENTS
		<i>Prevention</i>
		Wash hands thoroughly after handling
		Do not eat, drink or smoke when using this product.
		Do not breathe dusts or mists.
		Wear suitable protective gloves, apron and eye protection.
		<i>Response</i>
		IF SWALLOWED: Immediately call a POISON CENTER or a doctor / physician. Rinse mouth. Do NOT induce vomiting.
		IF IN SKIN: Take off immediately all contaminated clothing. Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention.
	IF INHALE: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or a doctor/physician.	
<i>Storage</i>		
See Sections 7 and 10 of this SDS		
<i>Disposal</i>		
Dispose of contents/container in accordance with all federal, state and local applicable regulations.		
Other hazards which do result in classification Not available		

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Hazardous Components Chemical Identity (IUPAC)	Identification Number (CAS Number)	Other Unique Identifier (EC Number)	Concentration Range (%w/w)
Ethanolamine	141-43-5	205-483-3	< 4

SECTION 4: FIRST-AID MEASURES

Description of necessary First-Aid measures	Inhalation:	Remove individual to fresh air and keep at rest in a position comfortable for breathing. Seek medical attention if you feel unwell.
	Skin:	Wash the contaminated skin gently and thoroughly with running water and non-abrasive soap.
	Eye contact:	Immediately rinse cautiously with water for several minutes keeping eyelids open. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if irritation persist.
	Ingestion:	Immediately call a Poison Center. Rinse mouth thoroughly and drink a couple of glasses of water. Do not induce vomiting. Consult a doctor or a Poison center immediately.
	<i>General Advice:</i> In case of any doubt or when the symptoms are persisting, consult a doctor. Never give anything to an unconscious person. If you have significant concerns please consult a physician, show this data sheet to the doctor in attendance.	
Most important symptoms/effects	Acute:	Overexposure if direct contact with eyes may causes severe damage, redness, itching and watering. Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. The product can cause allergic skin reactions (e.g., rashes, dermatitis) in some sensitive individuals.
	Delayed:	Not available
Indication of immediate medical attention and special treatment needed if necessary	Notes to physician:	Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
	Specific Treatments:	Not available
	Protect of first-aiders:	Use protective equipment (Section 8)

SECTION 5: FIRE-FIGHTING MEASURES

Suitable extinguishing media:	Use an extinguishing agent suitable for the surrounding fire.	
Unsuitable extinguishing media:	Not available	
Specific hazards arising from the product combustion:	Not available	
Hazardous thermal decomposition products:	May produce toxic fumes of carbon monoxide if burning.	
Special protective precautions and equipment for fire-fighters:	Protective precautions:	Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
	Protective equipment:	Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with full face-piece operated in positive pressure mode.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures	For non-emergency personnel:	No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Wear protective gloves/clothing and eye/face protection. Avoid contact with eyes or skin and wear proper protection. Avoid breathing vapor or mists.
	For emergency responders:	If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
Environmental Precautions	Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).	
Methods and materials for containment and cleaning up	For Small Spills <i>e.g.,</i> < 1 gallon (3.8L)	Wear appropriate personal protective equipment (e.g., safety glasses, apron, and nitrile gloves). Maximize ventilation (open doors and windows) Removed spilled material with non-combustible absorbent material and place it into appropriate closed container(s) for disposal. Dispose in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse.
	For Large Spills <i>e.g.,</i> > 1 gallon (3.8L)	Deny area access to all unprotected individuals. Provide diking and contain with non-combustible inert material (e.g., sand or earth) to keep material from spreading. Transfer diked material to containers for recovery or disposal and solid diking material to separate containers for proper disposal according to local regulations (see Section 13). Remove contaminated clothing promptly and wash affected skin areas with mild soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

SECTION 7: HANDLING AND STORAGE

FOR USE BY CERTIFIED PROFESSIONALS ONLY		
Precautions for safe handling	Protective measures:	Always store in the original containers. Tightly close the containers after use. Do not use in any way other than that provided in the instructions for use. Do not use metal containers, stirrers or tools. Do not mix with other oxidizing agents (such as hydrogen peroxide or bleaching products) with the exception of those prescribed. Use the dyeing mixture immediately. Any residual dyeing mixture cannot be reused and must be disposed of immediately. Do not store the mixture in a closed container (it may swell and burst), in case you use a bottle for mixing the compound. Do not pierce nor burn the containers after use. Deliver only empty containers for recycling. Carefully follow the instructions for use. Keep out of the reach of children.
	Advice on general occupational hygiene:	Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
Conditions for safe storage, including any incompatibilities	Store in a dry and well-ventilated place (at room temperature). Do not store nor use the product near an open flame or a heat source (the product may deteriorate) or under direct sunlight. Do not store the product at temperatures below 5° C or above 40° C.	

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters	Chemical Identity (IUPAC):	Identification Number (CAS Number)	Occupational Exposure Limits Values		Source	
		Ethanolamine	141-43-5	Permissible Exposure Limit (PEL)	3 ppm	OSHA
			Short-Term Exposure Limit (STEL)	6 ppm	ACGIH	
Appropriate Engineering Controls	Good general ventilation should be sufficient to control exposure to airborne contaminants.					
Environmental Exposure Controls	Not available					
Individual Protection Measures, such as Personal Protective Equipment (PPE)	Hygiene measures:	When using do not eat, drink or smoke. Avoid contact with eyes, skin and clothing.				
	Eye / face protection:	Wear safety glasses				
	Skin protection	Hand protection:	Wear suitable gloves			
		Body protection:	Wear suitable protective clothing			
		Other skin protection:	Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling the product.			
	Respiratory protection:	Not relevant				
	Thermal hazards:	Not relevant				

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State at 20°C	Liquid
Color	Various
Odor	Characteristic
Melting point/freezing point	Not available
Boiling point	100°C (212°F)
Flammability	Not relevant – Not flammable
Lower and upper explosion limit/flammability	Not relevant
Flash point	Not available
Auto-ignition temperature	Not available
Decomposition temperature	Not available
pH at 25°C	9.5 – 11.0
Viscosity at 25°C	30,000 – 100,000 cps
Solubility	Dispersible
Partition coefficient: n-octanol/water (log value)	Not available
Vapor pressure	Not available
Relative density	Not available
Relative vapor density	Not available
Particle characteristics	Not relevant – Liquid

SECTION 10: STABILITY AND REACTIVITY

Reactivity	Not available.
Chemical Stability	Product is stable under normal ambient storage conditions of temperature and pressure.
Possibility of Hazardous Reactions	Not available.
Conditions to Avoid	Heat or ignition source, direct sunlight, temperatures below 5°C or above 40° C.
Incompatible materials	Acids and nickel-plated instruments.
Hazardous decomposition products	Combustion may produce oxides of carbon, nitrogen and sulfur and other vapors those may be harmful to health.

SECTION 11: TOXICOLOGICAL INFORMATION

Information on the likely routes of exposure			
Ingestion:	Harmful if swallowed.		
Inhalation:	No known effect.		
Skin / Eye exposure:	May cause burns. Repeated or prolonged skin contact may cause allergic reactions with susceptible persons. Symptoms may be delayed. Avoid contact with eyes.		
Symptoms related to the Physical, Chemical and Toxicological Characteristics			Not available
Delayed and immediate effects and also chronic effects from Short and Long Term Exposure			Not available
Numerical measures of Toxicity			Not available
Acute Toxicity:	May be harmful if swallowed.		
Skin Corrosion/Irritation:	Causes burns		
Serious Eye Damage/Irritation:	Risk of serious damage to eyes.		
Respiratory Sensitization:	No known effect.		
Germ Cell Mutagenicity:	No known effect.		
Carcinogenicity:	No known effect.		
Reproductive Toxicity:	No known effect.		
STOT – Single Exposure:	No known effect.		
STOT – repeated exposure:	No known effect.		
Aspiration hazard:	No known effect.		
Component Information:	Chemical Identity (IUPAC)	CAS	LD50 Oral
	Ethanolamine	141-43-5	1000 mg/kg (Rabbit)

SECTION 12: ECOLOGICAL INFORMATION

Toxicity	Not available
Persistence and Degradability	Not available
Bio accumulative potential	Not available
Mobility in soil	Not available
Other Adverse Effects	Not available

SECTION 13: DISPOSAL CONSIDERATIONS

Disposal methods	Dispose of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Care should be taken when handling emptied containers that have not been cleaned or rinse out. Dispose according to Federal, State, and local regulations regarding health, air, and water pollution.
-------------------------	---

SECTION 14: TRANSPORT INFORMATION

Un Number	Not relevant – Not regulated
Un Proper Shipping Name	Not relevant – Not regulated
Transport Hazard Class	Not relevant – Not regulated
Packing Group	Not relevant – Not regulated
Environmental Hazards	Not relevant – Not regulated
Transport In Bulk	Not relevant – Not regulated
Special Precautions	Not relevant – Not regulated

SECTION 15: REGULATORY INFORMATION

Safety, Health and Environmental Regulations specific for the product in question	Regulated as a Cosmetic under FDA (US), HPB (Canada), Cosmetic Regulation (EU)
	UNITED STATES OF AMERICA:
	<i>Federal</i> All of the ingredients in the formulation are compliant with the Federal Food, Drug, and Cosmetics Act (FDA) and this product is safe to be used by professional hair dressers previously trained and certified to use this product.
	<i>California</i> This product is not subject to warning labeling under California Proposition 65
	CANADA:
	All ingredients are CEPA approved for import to Canada.
	EUROPE:
	All of the ingredients in the formulation are compliant with European Commission Health and Consumers Cosmetics - CosIng current Regulations/Directives
	AUSTRALIA:
	All of the ingredients where evaluated in part under HSIS.

SECTION 16: OTHER INFORMATION

Date of preparation of the SDS	
April 15, 2019	
Key/legend to abbreviations and acronyms used in the SDS.	
ACGIH	American Conference of Governmental Industrial Hygienist
ADR	The European Agreement concerning the International Carriage of Dangerous Goods by Road
°C	Degrees Celsius
CAS	Chemical Abstract Service
CEPA	Canadian Environmental Protection Act
CFR	Code of Federal Regulations
Cps	Centipoises
EC	European Community
EEC	European Economic Community
e.g.	Meaning "for example." It is short for the Latin <i>exempli gratia</i> , "for the sake of example."
FDA	Food and Drug Administration
GHS	Globally Harmonized System
HPB	Health Protection Branch
HSIS	Hazardous Substances Information System
IATA	International Air Traffic Association
IUPAC	International Union of Pure and Applied Chemistry
